Each author must read and sign the following statements.

RETAINED RIGHTS: Except for copyright, other proprietary rights related to the Work shall be retained by the authors. To reproduce any text, figures, tables, or illustrations from this Work in future works of their own, the authors must obtain written permission from MRU Journal.

ORIGINALITY: Each author warrants that the submission to the Work is original. Neither this work has been already published nor shall be submitted for publication elsewhere while under consideration for the publication by this journal.

AUTHORSHIP RESPONSIBILITY: The authors certify that they participated sufficiently in the preparation of the present work to take public responsibility for it, have reviewed the final version, believe it is valid, and approve it for publication. If requested by the journal editors, they should provide data on which the work is based.

DISCLAIMER: Each author warrants that this work does not violate others' rights or contain libel. Before submitting portions (text, figures, tables, or images) from copyrighted works, the writers will get a signed release and attribute the source publication. Each author guarantees that they have gotten written releases from patients whose names or photos are submitted.

TRANSFER OF COPYRIGHT AUTHORS' OWN WORK: In exchange for MRU Journal publishing the work, the authors transfer, assign, and otherwise convey all copyright ownership worldwide, in all languages, and in all forms of media now or hereafter known, including electronic media like Internet and Intranet, to MRU Journal. If MRU Journal decides not to publish an author's submission, it will promptly notify the corresponding author.

FINANCIAL DISCLOSURE: Every author certifies that they have no financial or professional links that could conflict with the submitted article, except those declared in a separate attachment. The authors acknowledge all funding sources and institutional or corporate ties in a footnote.

INSTITUTIONAL REVIEW BOARD/ANIMAL CARE COMMITTEE APPROVAL: Each author declares that his or her institution authorized the protocol for any human or animal study and that all experiments was ethical and compassionate.
